FIREPROOF BUILDINGS.

The New Structure on Nassau, Fulton and Ann Streets.

THE MOST PERFECT AND SECURY EDIFICE IN THE COUNTRY.

SPLENDID CHANCE FOR PEOPLE DESIRING OFFICE ROOMS.

Banks, Insurance Companies, Merchants, Lawyers and Manufacturers Attention.

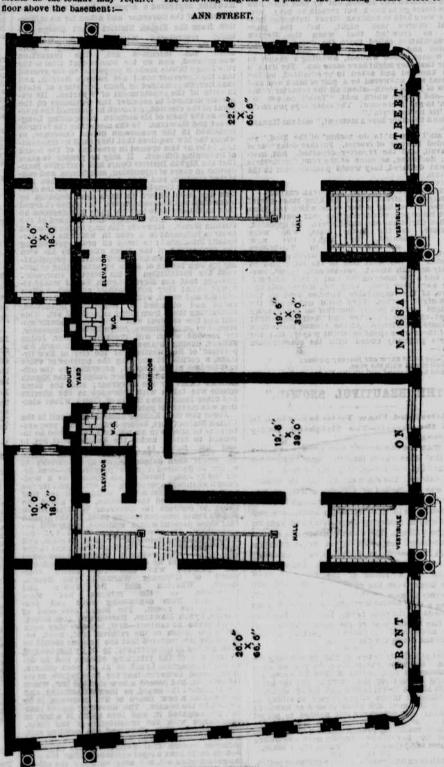

APPLY TO HOMER MORGAN NO. 2 PINE STREET.

The Building, entirely fireproof, bounded by Nassan Poten and Ana streets, is now in course of his magnificent struc-portion of our city, we are section of our city, Wr. Arthur Gilman, construction, and will be finished and ture, six stories high the

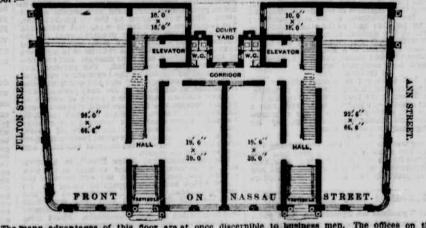

Ar. Arthur Gilman, ce kind in America.

In a contagration that have laid

In have been accepted as a warning, and the Building is so concast access, as two of Tall to I clevators will be run constantly during business hours, starting from the sidewalk level. The greatest possible attention has been paid to ingress and egress. The building may be entered from four different quarters—two on Kassau street, one on Fulton street and the other on Ann street—leading directly to the elevators and to a grand stairway. Perfect lighting, gas-fitting and plumbing, heating and ventilation will be found in every portion of the buildlighting, gas-fitting and plumbing, heating and ventilation will be found in every portion of the building. The larger rooms will be divided by the owner by FIREPROOF PARTITIONS into as many compartments as the tenant may require. The following diagram is a plan of the Banking House Floor or

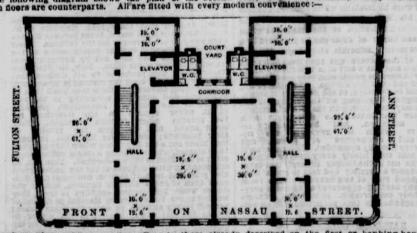

The above floor is, without exception, the finest location for Banking and Insurance Offices in the city. The two magnificent Offices to the right and left have—one a front on Fulton street of 60½ feet and Nassau street of 22 feet, and the other 60½ feet front on Ann street and 22½ feet on Nassau street, and are unequalled in their class. Adjoining them, in the rear, are two ante-rooms 20 feet back, and two interior offices, each with 19½ feet front on Nassau street, and extending 39 feet back, all perfect in the way of light and ventilation. The following diagram represents the basement

The many advantages of this floor are at once discernible to business men. The offices on this floor are highly desirable for all classes, but more especially adapted to Insurance, mency brokers, merchants, lawyers, large law firms and where security from fire to legal documents is a desideratum. The two large effices ironting on Fulton and Nassau and Ann and Massau are respectively 55 feet by 24½ feet and 55 feet by 22½ feet, and the two interior offices are similar to those on the floor above.

The following diagram shows the plan of the second floor, of which the third, fourth, fifth and sixth floors are counterparts. All are fitted with every modern convenience:—

First, or banking-house floor. \$40,000 | Feurth floor. \$12,500 | Basement floor. 22,500 | Firth floor. 10,000 | Second floor. 20,000 | Sixth floor. 5,000 | Total | \$12,500

Total. \$125,000
In addition, the sub-cellars, probably the handsomest and most extensive in the city, are particularly well adapted for the storage of wines and merchandise. The building will be heated throughout by steam, and a janitor, residing on the sixth floor, will have a watchful eye to the wants of the tenants and the safety of their property. Many inquiries have already been made for office and no objections have been made to the tarif, as the advantages of safety, location and convenience fully compensate for the outlay. All applications to rent must be made to HOMER MORGAN, No. 2 Pine street.

ers marked thus (\*) do not carry steerage passen gers.
